## STIELOW MUST DIE; NEW TRIAL REFUSED ON SPECIAL PLEA

Justice Cole Rules Evidence Does Not Warrant Action—May Go to Chair Friday.

BUFFALO, N. Y., July 26.—Justice George W. Cole of the Supreme Court today denied application for a new trial for Charles F. Stielow, the murderer of Charles Phelps and Margaret Walcott of West Shelby, Orleans County. Stielow's execution has been postponed three times—once by an appeal to the Court of Appeals and twice by respite granted by Gov. Whitman.

The latest attempt to secure a retrial was made by Mrs. Grace Hunter, representing the Public Defender Association of New York. Mrs. Hunter alleged that Stielow never

made the confession that was an important factor in his conviction. Mr. Parsons, a King County agent, supporting this contention, said Stielow had the mind of a sane man and had a vocabulary of less than two words, while the alleged confession contained no different words. Stielow probably will be executed on Friday morning.

Justice Cole, in denying the motion, said the so-called new evidence established nothing which had not been litigated at Stielow's trial. The only new phases with any bearing were affidavits from Nelson Green, brother-in-law of Stielow, now serving a twenty-year prison term for complicity in the crime, and one written from a detective George W. Newton.

However, they were not of enough importance, in the opinion of the court, to warrant granting a new trial, as they did not meet the status involved.

## NEW YORK GETS \$250,000 OF GOOD ROADS FUND

Ranks Second in Distribution of \$5,000,000 Among States Under New Federal Act.

WASHINGTON, July 26.—Apportionment among the States of the first year's appropriation of \$5,000,000 carried by the New Good Roads Act was announced today by the Department of Agriculture, which has certified the figures to the Treasury Department and State officials.

To be entitled to its share, each State must provide an amount equal to that put up by the Federal Government. Texas gets the largest share, \$891,927; New York second, \$580,739; Pennsylvania third, \$230,644; and Illinois fourth, \$230,935.

Before making the division, Secretary Houston deducted three per cent, or \$150,000, set aside by the act for administration. Then the \$4,850,000 was allotted to the States on the basis of one-third respectively in the ratio of area, population and rural delivery and star mail routes.

## THALIA THEATRE EXECUTOR IS CALLED INCOMPETENT

Court Names Guardian on Plea Property Was Sold Below Real Value.

Conrad Weber, executor and trustee of the will of the late William Kramer, owner of Atlantic Garden and the Thalia Theatre, is said to have made a contract for the sale of those buildings at a price believed to be below their real value, in a request to the Supreme Court today

to decide whether Weber is competent. Justice George W. Cole, appointed executor, is said to have appointed Frederick H. Gregory of No. 211 West End Avenue as guardian of the alleged incompetent.

Weber, who has lived for years at the Union Square Hotel, is a widower and said to be wealthy. August Weber, a brother, is the petitioner.

St. Louis Paper Notes Price. ST. LOUIS, July 26.—The St. Louis Globe-Democrat today announced an increase in the price of its daily edition to 10 cents from one to two cents, effective Aug. 1. The high cost of print paper is given as the cause.

## The May Manton Fashions

THERE is no undergarment that is better for the summer than this one. It really makes an undergarment and a petticoat in one. It simplifies the labor of dressing and also the labor of making and it gives very pretty lines. Again, it can be used for a slip to wear beneath a transparent dress and for such the slip could be made of silk or of crepe de chine or of some such material. Here it is an undergarment and the material is fine batiste with embroidery as trimming. For the under slip it would be pretty to use taffeta or tub satin or habutai silk or crepe de chine and to trim with ruffles or with bands of ribbon or in whatever way seems to suit the special frock. Very often the trimming of these slips is arranged as to serve as part of the trimming for the frock itself, the veiled effect being a most attractive one. If the frock is really elaborated, it will require a simple slip, otherwise the lines would confuse one another. In the very small view the undergarment is shown with scalloped neck and armhole edges. That treatment is very pretty and also it is extremely fashionable. Nothing is better liked than needlework and the scalloped are not difficult, yet they are always dainty and always pretty. Either a square neck or a round neck can be used. With the scalloped neck and armhole edges, three little ruffles of the material would make a pretty finish for the lower edge, with insertion stitched over their edges to make a finish.

For the 12-year size will be needed 14 yards of material, 36 or 44 inches wide, with 34 yards of embroidery 34 yards of insertion and 44 yards of narrow edging. The pattern No. 2111 may be had in size for girls from 8 to 14 years of age.
